Kleiman Awards Banquet
Superhero author swooping in for Kleiman Banquet

Author John David Anderson (above left...those are his books next to him) says that you can get in touch with him via telepathy, carrier pigeon or email. Or, you can meet him in person at the Kleiman Creative Writing Contest Awards Banquet on Thursday, April 24 at 6:00 p.m.! It’s at the Kendallville Event Center (behind the Best Western hotel). All of the students who entered a book in the contest will receive an invitation for themselves and their families. The student and one family member are free, thanks to the generosity of the Kleiman family. There will be a small fee to cover the cost of dinner for additional family members.

During the banquet we’ll have dinner, hand out awards and hear from Anderson about things he enjoys (hiking, reading, chocolate, spending time with his patient wife and brilliant twins, playing the piano, chocolate, making board games, chocolate, not putting away laundry, watching movies and chocolate), and how he came to be so darn funny. You will also have the chance to buy his books, because Summer’s Stories will be at the banquet, too!

This event is by invitation only, and those will be sent to families shortly after the books are due on March 28. Reservations are due to the Kendallville or Limberlost Public Libraries no later than Wednesday, April 16.
Lower Level Project:  
Next Step April 21

The Kendallville Public Library Board of Trustees has been working diligently toward a wage hearing planned for Monday, April 21.

All public projects exceeding $150,000 must submit to a hearing to determine a Common Construction Wage (CCW). Once a CCW is reached, the project must go out for bid and a bid must be accepted (or all bids declined) within 90 days. Then, construction can begin. The board is hopeful that the Lower Level project can be completed by late summer and in time for the library’s Centennial Celebration September 19 & 20.

Most people can’t identify a single risk factor or a warning sign of stroke. That’s why the Kendallville Public Library is offering health screenings through Life Line on Wednesday, April 9.

Screenings are fast, painless and offered at low cost. They involve the use of ultrasound technology and scan for potential health problems related to: blocked arteries which can lead to a stroke, aortic aneurysms which can lead to a rupture, and plaque buildup in the arteries in the legs which is a strong predictor of heart disease. Also offered for men and women is a bone density screening to assess their risk for osteoporosis. These non-invasive, inexpensive and painless ultrasound tests help people identify their risk for stroke, vascular diseases or osteoporosis early enough for their physician to begin preventive procedures.

Appointments are limited and pre-registration is required. Sign up now by calling toll free to 1-888-653-6441. You can get more info online at www.lifelinescreening.com.

Open Very Carefully: A Book with Bite
By Nicola O’Byrne with words by Nick Bromley

Open Very Carefully is a fairy tale gone wrong. The book opens with our fuzzy duckling narrator preparing to tell us the classic tale of “The Ugly Duckling.” But something is up. There’s a scaly and rather sinister looking tail peeking out from the edge of the page. And who is that hiding behind one of the book’s illustrations?

The duckling quickly abandons his well-known fairy tale to investigate this unexpected turn of events. In the pages that follow, he discovers a great, big, scary crocodile has taken over his book. He has some ideas on how to get it out, but he’ll need the readers’ help.

Open Very Carefully is an engaging book with a narrator who speaks directly to the readers, bringing them into the story. The narrator asks questions, gives directions, and offers suggestions. The pictures are bright and attention-grabbing, and the book itself has an actual hole in the back page and back cover where the crocodile makes his escape. This is a great read for kids of all ages.

Stones in Water
By Donna Jo Napoli

If you like historical fiction, this book will get you. It’s tragic and triumphant - and extremely moving.

We meet a boy named Roberto who sneaks off for some innocent fun - going to the village to see a movie with some friends. Little did he know this movie was going to change his life FOREVER!

German soldiers raid the theater and take all the boys to a work camp. There is very little food and conditions are horrible - unimaginable things are happening all around them. The boys vow to stay together, but his friend Samuel has a secret, a dangerous secret. If discovered, both boys could get killed.

Prom
By Laurie Halse Anderson

Spring is slowly creeping in on us. That means that prom is rounding the corner for all of you high school kids. There’s so much to be excited about: her dress, his tux, the pictures, and the memories!

But, what if one of your teachers stole the money to fund your school prom? What would you do?

This is the exact problem that Ashley Hannigan runs into. Ashley doesn’t really care about prom all that much, but it’s the only good thing that ever happens at her school. With the help of her large family, Ashley decides to take over and put together a dance out of zilch. See how she handles this catastrophe and a few other glitches in Laurie Halse Anderson’s Prom.
