When you hear what’s now available at the library, your family will flip!

Hint: You’ll get free access to a place with brightly colored smokestacks.

See Page 2 for Details.
Participate in “Passport to Fun” at the Kendallville Public Library and its Limberlost Branch!

To celebrate Indiana Tourism Week from May 5 through May 13, the Noble County Convention and Visitors Bureau has organized “Passport to Fun: Explore Noble.” This local activity encourages folks to get out and explore the community, engaging in activities at a variety of locations. Two of those locations are the Kendallville Public Library and its Limberlost Branch in Rome City!

Passports will be available in the News Sun on Sunday, April 29. We’ll also have some extra copies that you can pick up at the library. When you complete at least three activities (you’ll receive a stamp at each location), you’ll be entered to win a gift basket of local items. Complete all three activities (you’ll receive a stamp at each location), and you’ll be entered to win a summer trip to Fort Wayne. The pass can be reserved by calling KPL at 343-2010 or sending an email to info@kendallvillelibrary.org.

Keep in mind that this pass is good for free admission only. It does not include any gift shop discounts, discounts on special events like camps or birthday parties or discounts on online sales. It is also not eligible to be used in the Association of Science - Technology Centers reciprocal program. When you visit Science Central with the pass, you’ll also need to show your valid receipt from the Kendallville Public Library, proving that you’ve checked out the pass.

This is a pilot program, so help us make sure that it can continue by using the pass as intended and following all the guidelines. Plus, be sure to return it on time, so the next person who has it reserved gets to enjoy the privilege, too.

We have a new, free Make & Take Project every two weeks! Read below to see some of our upcoming activities.

**Science Central**

Yes! The answer from the hint on the cover is...Science Central! The Kendallville Public Library is excited to be a part of a pilot program between area libraries and Science Central. We, along with the Eckhart Public Library in Auburn, have been selected to check out a Family Pass to our patrons. How great is that?

The pass can be checked out for three days, and will give free access to two adults living at the same address and up to six children. It’s available to anyone with an Evergreen Indiana library card, but may only be checked out by each family once per year. Planning a trip to Fort Wayne? The pass can be reserved by calling KPL at 343-2010 or sending an email to info@kendallvillelibrary.org.

If you spend much time around our library, then you know we love STEM education. That’s why Science Central is the perfect partner...it’s all they do! Sure, Science Central a fun place to bring the kids any time of year, but at its core, Science Central is much more than just a place to play. It’s a catalyst for learning the most important subjects that employers will need our kids to know to perform work in the future – science, technology, engineering and math.

Science Central’s hours may change with the time of year, so be sure to check their website at www.sciencetcenter.org to see the hours for when you plan to visit.

Keep in mind that this pass is good for free admission only. It does not include any gift shop discounts, discounts on special events like camps or birthday parties or discounts on online sales. It is also not eligible to be used in the Association of Science - Technology Centers reciprocal program. When you visit Science Central with the pass, you’ll also need to show your valid receipt from the Kendallville Public Library, proving that you’ve checked out the pass.

This is a pilot program, so help us make sure that it can continue by using the pass as intended and following all the guidelines. Plus, be sure to return it on time, so the next person who has it reserved gets to enjoy the privilege, too.

A painting workshop for adults, toddlers in kindergarten and up (accompanied by an adult),...Due to the nature of this program, only children in kindergarten and up will be allowed, even if they are accompanied by an adult.

Registration is required at the Customer Service Desk or by calling 343-2010.
Zap! Nikola Tesla Takes Charge
Written by Monica Kulling
Illustrated by Bill Slavin

Nikola Tesla grew up in Croatia and dreamed of one day harnessing the power of the Niagara Falls. As a young man, he moved to New York City in hopes of working with Thomas Edison. When he arrived, he repaired an ocean liner and Edison promptly offered him a job. However, Tesla wanted to build a motor that ran on an alternating current while Edison had invested his time and money in building direct currents.

The two disagreed on the future of electricity and Tesla lost his job. He soon met George Westinghouse and they began work on alternating currents. The pair won the contract to light the World’s Fair in Chicago and eventually went on to harness the power of the Niagara Falls and send power 20 miles away.

Don’t Spill the Beans!
By Ian Schoenherr

Is it your birthday? Do you know someone who is having a birthday soon? If so, then you need to read this book! We can’t tell you why, though, because... it is a secret!

Bear is having a hard time keeping the secret and decides to tell it to Toucan, leak it to Lemur, and break it to Bat. After letting all of his animal friends in on the secret, he has forgotten someone. Ask him for a clue, and maybe you will be in on the secret too!

A Thousand Pieces of You
By Claudia Gray
Marguerite Caine’s physicist parents are known for their innovative achievements in science. Their newest invention, The Firebird, allows people to jump between different dimensions. Tragically, Marguerite’s father is murdered soon after their brilliant discovery. The killer is - shockingly - their assistant Paul, who escaped to another dimension immediately following the crime.
Marguerite refuses to let Paul go free and decides to chase after him, travelling through different universes, always jumping into different versions of herself. Will Marguerite find Paul and bring him to justice? And will she be able to find her way back when and if she finds him?
Readers of fast-paced science fiction will love this book.

Batman/TMNT Vol. 1
By James Tynion IV and Freddie Williams
In the first volume of this installment, Batman and the Teenage Mutant Ninja Turtles must join forces to battle the biggest foes of them all. In New York City, the Ninja Turtles are fighting both the Foot Clan and the alien forces of General Krang. In Gotham City, Batman has his hands full with the typical villains, like The Penguin, Killer Kroc, and Ra’s Al Ghul. Now, thanks to General Krang’s time warp, Batman must face off against his deadliest enemies as well as the Shredder and his Clan of loyal followers, who are set to take control of Gotham City. Will Batman, Leonardo, Donatello, Michelangelo, and Raphael be able to take down the most cunning villains from two different dimensions?
Readers of other superhero comics will enjoy this graphic novel.

Coming up in June at the Kendallville Public Library:

**Summer Adventure Kickoff on Friday, June 1 - All Day - KPL**
Come see a magician, pet some cute animals, eat and design donuts, compete in a video game tournament and more. The complete schedule of events for our Summer Adventure Kickoff can be found on the event calendar at www.kendallvillelibrary.org.

**Family Paint: Under the Sea on Monday, June 4 at 6:00 p.m. - KPL**
We’ll dive right into this painting that combines a canvas, rocks and shells. This event is limited to 70 participants, and is open to adults, teens and children in kindergarten and up (accompanied by an adult). Registration is required by calling 260-343-2010.

**Friends of the Library Book Sale: Public Welcome on Friday, June 8 from 9:00 a.m. to 5:00 p.m. - KPL**
The next Friends of the Library Book Sale is open to the public! The public is also welcome to attend the Clearance Sale on Saturday, June 9 from 12:00 to 2:00 p.m. Members are invited to the Members Only Preview Sale on Thursday, June 7 from 5:00 to 7:00 p.m.

**Water Balloon Wars on Tuesday, June 12 at 4:00 p.m. - KPL**
Teams of two will participate in competitive events to find out which will get first place! This free event is open to teens in grades 6 and up. This event will also be held at the Limberlost Branch on Monday, June 11 at 4:00 p.m.

**Creative Canvas Workshop: River Castle on Monday, June 25 from 5:30 to 8:30 p.m. - LB**
Join us this month as artist Carl Mosher guides you through his “River Castle” painting. A $20 fee for this class includes all supplies, and is payable to Carl the night of the class by cash or check. Registration is required by calling the library at 343-2010. Space is limited. This painting workshop is for adults and children ages 10 and up (ages 10-15 must be accompanied by a registered adult).

Celebrate Spring on the Adventure Walks with an adorable story about a baby bird! Walk and read What’s the Magic Word by Kelly DiPucchio in May.
For maps and information about the Adventure Walks in Kendallville and Rome City, visit www.kendallvillelibrary.org.
