

**Teen Services
Board Report
June 2017**

ALA: At the end of this month I will be attending the ALA annual conference in Chicago. I'm looking forward to many different sessions that I hope will give me many ideas on how to better serve the youth, more specifically the teenagers, of this community.

Summer Reading: Summer reading is in full swing. Patrons are already voting for the community prizes, winning golden ticket prizes, and teenagers are enjoying their summer programming. I'm most looking forward to my STEAM Punk: Mario Kart Sessions and the after-hours Color Clash activities.

Customer Services Associate: I have decided not to hire a dedicated teen clerk for the Limberlost Branch. Rose Benjamin will plan and implement the programming at both KPL and LB. This way we can be consistent with our expectations for teens and their programs. Lynette will hire a new Customer Service Associate to fill the gaps of coverage at the branch.
